Year-End Report (10/1/07-12/31/07)

Dear Christian,

Thank you for your time today. I am writing in response to your letter dated February 21, 2008 in regard to the above-mentioned reporting period. The resolutions of the issues you addressed are as follows:

Items 1 and 2 - The report filed for the period July 1, 2007 – September 30, 2007, when filed, had a contribution for \$2,857.93 from Senators Classic Committee dated September 25, 2007 erroneously missing from the final report filed. We are attaching an amended detail Schedule A for Line 12 which shows the missing contribution. We are also filing the corrected total pages 1 through 4 for the period July 1, 2007 through September 30, 2007 that corrects the Election Cycle to Date amount in Column B as well as the Cash on Hand at September 30, 2007. We are filing an amended October 1, 2007 through December 31, 2007 pages 1 through 4 showing the corrected Column B totals for Line 12 after making this addition.

In addition to that error, it came to our attention when re-printing the 3rd Quarter report, that the election cycle to date totals for disbursements were incorrect by \$7,000 as well. As I told you on the phone, when reconciling the September bank statement, it came to our attention that we had an old outstanding check for \$7,000 written to E2C Consulting. We voided that check and reissued another check to replace it. We then entered the replacement check in our campaign database without deleting the previous check it was replacing. This was done after filing the 3rd quarter report. Now that we have that check corrected, our election cycle to date total for 4th quarter is correct for disbursements.
